To Whom It May Concern:

I would like to take this opportunity to thank you for the AiroDyne Mattress my Dad used while he was a resident in a nursing home. My Dad had sugar diabetes and developed bedsores. The nursing home staff recommended your mattress and they told us it would cure his bedsores in a very short time. I didn't really believe the mattress could do that but felt anything was worth a try. I am very pleased to say that within a week we could tell a real difference and by three weeks they were completely healed.

Again, I would just like to say thank you for the AiroDyne Mattress.

Sincerely,

A handwritten signature in cursive script that reads "Carol Brown".
